

Office of the Washington State Auditor

Pat McCarthy

Entrance Conference: Capital Area Regional Public Facilities District

The Office of the Washington State Auditor's vision is increased trust in government. Our mission is to provide citizens with independent and transparent examinations of how state and local governments use public funds, and develop strategies that make government more efficient and effective.

The purpose of this meeting is to share our planned audit scope so that we are focused on the areas of highest risk. We value and appreciate your input.

Audit Scope

Based on our planning, we will perform the following audit:

Accountability audit for January 1, 2020 through December 31, 2022

We will examine the management, use and safeguarding of public resources to ensure there is protection from misuse and misappropriation. In addition, we will evaluate whether there is reasonable assurance for adherence to applicable state laws, regulations and policies and procedures.

We plan to evaluate the following areas:

- Accounts payable – general disbursements electronic funds transfers
- Compliance with interlocal agreement terms
- Open public meetings – compliance with minutes, meetings and executive session requirements
- Financial condition – reviewing for indications of financial distress

Engagement Letter

We have provided an engagement letter that confirms both management and auditor responsibilities, and other engagement terms and limitations. Additionally the letter identifies the cost of the audit, estimated timeline for completion and expected communications.

Levels of Reporting

Findings

Findings formally address issues in an audit report. Findings report significant results of the audit, such as significant deficiencies and material weaknesses in internal controls; misappropriation; and material abuse or non-compliance with laws, regulations or policies. You will be given the opportunity to respond to a finding and this response will be published in the audit report.

Management Letters

Management letters communicate control deficiencies, non-compliance, misappropriation, or abuse that are less significant than a finding, but still important enough to be formally communicated to the governing body. Management letters are referenced, but not included, in the audit report.

Exit Items

Exit items address control deficiencies, non-compliance with laws or regulations, or errors that have an insignificant effect on the audit objectives. These issues are informally communicated to management.

Expected Communications

During the course of the audit, we will communicate with Kristy Wolf, Financial Services Manager, on the audit status, any significant changes in our planned audit scope or schedule and preliminary results or recommendations as they are developed.

Please let us know if, during the audit, any events or concerns come to your attention of which we should be aware. We will expect Ms. Wolf to keep us informed of any such matters.

Audit Dispute Process

Please contact the Audit Manager or Assistant Director to discuss any unresolved disagreements or concerns you have during the performance of our audit. At the conclusion of the audit, we will summarize the results at the exit conference.
